

Offering greater protection for aircraft crew

COMPLETE SOLUTION FOR ANTI-VECTORIAL PERSONAL PROTECTION

Vector-borne diseases such as Yellow Fever, Zika, Malaria, Chikungunya and Leishmaniasis, are killing over 1 million people every year, with just 1 bite. With mosquito bites occurring at day as at dawn, sunset and night, and with 40% of the bites being through clothing, **SKIN2P® Body** and **SCREEN2P® Wear** insect repellents provide the ideal long-lasting complete protection to keep your personal and crew safe.

UNIQUE: SKIN2P® Body and SCREEN2P® Wear, first water-based repellents for Skin and Clothes to feature calculated and offset carbon footprint for CO2 Neutral Products!

Water-based and non-flammable formula.

Dermatologically tested on sensitive skin.

SKIN2P® Body exclusive formula. Not sticky. Doesn't damage plastics.

SCREEN2P® Wear prevents mosquito bites through clothing.

Manufactured across multiple locations worldwide.

Recyclable packaging.

Calculated Carbon Footprint. Carbon Offset for NetZERO CO₂ Products.
